Dear Zhen:

We would like to express our sincere appreciation to you and your team for the excellent project management and project execution for the Spray Rig Actuation System for Solar Turbines. The actuated system provides our group with increased capacity while maintaining excellent accuracy and repeatability. The design also provides for easy and ergonomic interface for technician operations.

You and the team have been very thorough in applying the design specifications to the end product, and have been tenacious in dealing with the many supplier issues encountered. We acknowledge the effort and hard work that the team has devoted to assuring the success of the project.

We wish you every success in the future, and are grateful for the time you have shared with us.

Sincerely,

Gail Doore
